Peonies That Really Bloom

NOW-A-DAYS when so many blocks of Peonies are not blooming well because of diseased roots, it is a great pleasure to see a block of real bloom. We are digging four blocks of Peonies this Fall all blooming just as well as that below, which is the smallest of our blocks. And these are not old, rotten, decrepit Peonies that have been used to the end of their usefulness for cut-flowers either. Rather they are strictly three (3) year old, nursery grown. You can judge the thriftiness by comparing growth with the six year old boys standing in the block. Find them.

You
want
Peonies
that
bloom
like
these.

See the
six
year
old
nurserymen
in the
picture.

Picture shows three rows of Duc of Wellington on the left,
balance of block Boule de Neige.
